October 5, 2022

Today, Hockey Eastern Ontario joined the Ontario Hockey Federation and Hockey Northwestern Ontario in requesting that Hockey Canada pause the collection of the \$3 Participant Assessment Fee for the 2022-23 season.

HEO believes that this is a responsible step for Hockey Canada to take as it focusses on this critical phase of implementation of the Hockey Canada Action Plan.

HEO, its organizations and volunteers are working hard to provide a safe, inclusive and fun environment for all our minor, junior, para and special hockey participants.
