

NOW ON SALE! "Inside Coaching Hockey"

Available from Hockey Eastern Ontario

"This is the way all our kids should be coached in hockey. It's skill-based, superb use of space and time, wise about every facet of the game from starting out as a player to coaching at the highest level -- and fun. And fun, surely, is what hockey was always intended to be. Congratulations to Richard Bercuson."

- Roy MacGregor

Hockey Hall of Fame Journalist and Author

One of the most complete manuals available to assist minor hockey coaches at all levels!

Chapters include: Practice planning – Skill Acquisition - How to set up Small Area Games – Drill design and intervention – The “Famous” Rule of 3s – Teaching tactics to kids – Teaching Hockey for Understanding – How to be creative – Shrinking the rink - Technical Problem-Solving...and much more
